

MANY KILLED IN RIOT

NOT TOO PROUD TO FIGHT

Several Hundred Persons Victims at Frankfurt in Furious Fighting.

LONDON, April 2.—Several hundred persons were killed in further rioting at Frankfurt-on-the-Main yesterday, according to a Copenhagen dispatch to the Exchange Telegraph company.

In the fighting at Stuttgart yesterday, the message adds, a violent crowd attacked the town hall which was occupied by government troops. The crowd, however, was beaten off.

NEW TRAIL HAS BEEN OPENED TO THE PARK

The Monroe avenue trail leading from the east side of the city cemetery to Glenwood park, winding along a shady hillside, has been opened by the city during the past week, and, according to an announcement of City Commissioner Miles L. Jones, superintendent of parks, the trail is now open for public use.

The popularity of the trail opened last year, leading from Twentieth street opposite the Dee school, and following the old Middleton irrigation ditch, caused the commissioner to plan the new trail, which is really only an extension of the Middleton trail.

Mothers with baby buggies can now visit the park, and by means of a foot bridge, cross over the Ogden river and return home by taking either the bridge path along the west side of the cemetery or up the gentle incline to the east side of the cemetery and on to Twentieth street.

Considerable work has been done and more is under way to beautify the paths, trees of evergreen and other kinds having been planted where they will furnish the most attraction. The trail is four feet wide on an average. In one place it was necessary to make a dugway in order to hold the easy grade desired.

Japanese Indicate Break Coming at Peace Conference.

PARIS, April 2.—(By The Associated Press.)—No Asiatic nation could be happy in a league of nations in which sharp racial discrimination is maintained, Baron Makino, head of the Japanese delegation to the peace conference, declared in a statement to The Associated Press today on the position of Japan.

"We are not too proud to fight," the baron said, "but we are too proud to accept a place of admitted inferiority in dealing with one or more associate nations. We want nothing but simple justice."

Japan is glad to join a league of nations to maintain peace and order, the baron added.

Japan does not wish, he continued, to force her laborers as immigrants on any associate countries, and recognizes that this question is one for each nation to deal with itself.

CLUB WOMEN TO MEET IN SALT LAKE

SALT LAKE, April 2.—Plans have been completed for a conference of presidents of the federated women's clubs of the state and chairman of standing committees of the Utah Federation of clubs in the city April 8 and 9.

The following program has been arranged:

12:30—Luncheon with visitors as guests of Manufacturers' association.

2:30—Community singing, led by Mrs. Ella C. Wetzel.

3 p. m.—Address of welcome, Mrs. John F. Cowan of Salt Lake. Response, Mrs. Thorn of Springfield.

Committee reports:

April 9—Meeting at 9:30 at University of Utah.

Conference of presidents.

Message from general federation, Mrs. R. B. Porter of Ogden.

Report of legislative committee, Mrs. C. S. Kinney. Address, "Rest Rooms for Women," Mrs. Duncan.

Address, "Co-operation of City Markets and Rural Women," Mrs. Richard

Beesley of Provo.
Address "Memorials," Mrs. George Sperry of Nephi.
Address, "The Federation Needs Rural Clubs," Mrs. B. Kirk, of Moab.
Address, "Do Rural Clubs Need the Federation?" Mrs. Julia Baker of Caspiedale.
Luncheon at 12:30, served by the university as a compliment to the visitors.
2:30 p. m.—General discussion, "Club Policy and Problems."

FROST DAMAGES CROPS.

RICHMOND, Va., April 2.—Damage to crops by low temperature in many southern states was reported today. Orchard experts said indications pointed to virtually killing of the Virginia peach crop. The vegetable crop was slightly harmed. The temperature here today of 24 degrees, was the lowest ever recorded for any day in April, ice forming in many streams.

BRITISH WILL JOIN U. S. NAVY IN SEA PATROL

WASHINGTON, April 2.—British destroyers will co-operate with the American navy in patrolling the course to be followed by American naval vessels in the projected flight across the Atlantic ocean next month. It was learned today at the navy department that from 40 to 50 British ships would be on duty from the Azores to the British Isles where, under present plans, the flight will end. American destroyers will patrol the course from St. Johns, New Foundland, to the Azores. From 50 to 60 of the craft will be used and they will be stationed at intervals of less than 200 miles.

Along the greater part of the course there will be an almost continuous stream of army transports going to and returning from France and these vessels will form additional safeguards for the crews of the machines in event accidents force any of the craft to descend. With reasonable good weather, however, the planes would ride on the water while minor repairs were being made to the motors.

Under present plans there will be five men in each crew of the two or three planes to make the start. Besides the navigating officer in command there will be two pilots, a radio operator and a mechanic. Later, however, it may be decided to add an additional pilot.

The course of the flight will be completely charted in advance by naval vessels. Careful study is now being made of weather conditions and the winds usually prevailing, this data having been gathered by the weather bureau and by government ships. As the result of recent experiments with radio telephones some naval officers believe that it will be possible for the planes to be in communication with shore throughout the flight, and each boat also will be equipped with wireless outfits so as to maintain contact with the patrolling destroyers and passing transports or other vessels.

MARRIAGE LICENSES

FARMINGTON, April 1.—During the past week County Clerk Seth C. Jones has issued the following marriage licenses: Don I. Collette and Helen Cole, both of Ogden; Harold E. Stevenson and Mildred W. Camp, both of Ogden; Mr. Bassett and Ruth Pardee, both of Ogden; Reuben Kilfoyle of Kayville and Cora Layton of Layton; George E. Clinton of Lexington, Ky., and Mayme O. Dougherty of Dunkirk, Ind.; Arthur W. Stowe of Baker City, Ore., and Mary G. Capriccio of Salt Lake City.

TOBACCO HABIT DANGEROUS

Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed, and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement soon to appear in this paper. It tells of the dangers of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the results.—Advertisement.

Wright's A GOOD PLACE TO TRADE In The Men's Shop

A "WALK OUT"

One hundred and fifty men's suits will walk out of this store within one week beginning tomorrow morning. Frankly we admit that most of them are here from last spring — with equal frankness we assert that most of you will not know them from this spring's stock.

It's a great opportunity to get all clothed up for spring and summer for you are going to buy them at savings that will appeal to all men of good business judgment.

There are suits for men of all sizes — snappy models for the young chaps — conservative styles for their dads. Take a look.

Men's Suits in values to \$15.00	\$11⁷⁵	Men's Suits in values to \$27.50	19⁷⁵
Men's Suits in values to \$20.00	\$13⁷⁵	Men's Suits in values to \$35.00	22⁵⁰

WORLD'S MARKETS

NEW YORK, April 2.—Speculative sentiment was again favorably affected at the opening of today's stock market by foreign and domestic developments, popular peace shares adding substantially to yesterday's gains. Shipings, leathers, tobaccos and coppers led the movement but Industrial Alcohol retained its place as the most conspicuous specialty extending yesterday's material advance by almost three points. Investment rails gave promise of throwing off their long prevailing apathy and motors and oils joined in the broader dealings of the first half hour.

Steamship shares continued to feature the more extensive dealings, oils, metals and the distilling division coming next in the order named. The strength of so-called spirit stocks was attributed in part to the result of yesterday's election in Chicago. Equipments were chiefly represented by Harvest, General Electric, Baldwin Locomotive and American Locomotive and the paper group was most prominent among inactive specialties. United States Steel increased its gain to a fraction over a point, independent steels also showing a stronger tone at midday. Bonds were firm; Virginia certificates advancing 1½ points.

Many accessions to the early gains were made during the mid-session, despite moderate reactions among shippings and on realizing. Strength was shown by Mexican Petroleum, Texas company, American Woolen and minor food and chemical shares. Midvale Steel was not affected by the reduced dividend.

OMAHA LIVESTOCK

OMAHA, Nebr., April 2.—Hogs—Receipts 14,000; market 10 to 20c higher. Heavy \$19.70@20.00; mixed \$19.60@19.75; light \$19.00@19.80; pigs \$12.00@17.50; bulk of sales \$19.50@19.80.

LIBERTY BONDS

NEW YORK, April 2.—Liberty bond prices at 11:30 a. m. today were: 3½s \$9.12; first 4s \$4.74; second 4s \$3.54; third 4½s \$5.42; fourth 4½s \$3.60.

CHICAGO GRAIN

CHICAGO, April 2.—Sensational upturns in the value of corn took place today and were accompanied by an excited rush to the bull side of the market. Notice that exports of wheat had been stopped by food administration was chiefly responsible as corn would therefore be expected to come into greater demand for shipment to Europe as a substitute. Besides, the election outcome in Chicago of a victory for the "wets" was held to imply an increased demand for rye and barley by interests that still looked for the defeat of prohibition. Opening prices for corn showed a jump of 1¼ to 6c with May \$1.51½ to 1.56½ and July \$1.41½ to 1.44 and Sept. \$1.35 to 1.38½. July made an advance of another cent, but then the market eased back somewhat as a result of profit taking.

Oats rose with corn. After opening ¼ to 1½c higher, with May 65½ to 66½c, the market continued to harden. Provisions ascended to the maximum limit for one day. Strength in the hog market together with the sensational bulge in grain furnished the reason.

In the later corn dealings May delivery took the lead, and at one time showed a gain of 7¼c since Monday. The market closed nervous, 4½ to 6½c net higher, with May \$1.57 to 1.57½ and July \$1.45½ to 1.45½.

On the provision advance there was some selling by packers, but the offerings were readily absorbed.

CHICAGO, April 2.—Corn No. 3 yellow \$1.59½@1.62½; No. 4 yellow \$1.57½@1.59; No. 5 yellow \$1.55½@1.56.
Oats No. 3 white 66@67½c; standard 67½@68½c.

Lucerme

The Hansen Livestock & Feeding Company has evolved a feed that is a complete realization of your most evident need.

A feed that will put quality weight on your livestock. Do it quickly and economically.

A quality that is consistent with market and demand, assuring proper proportions of fat and lean.

ECONOMY A GREAT FEATURE WITH THIS FEED.

A saving of time because of the scientific rationing of bone and flesh building elements in the feed. A commodity that reduces to a minimum all effort in feeding. An economic feed, because of the great wholesale quantities used. Necessary ingredients are contracted by thousands of tons. You receive every monetary benefit.

A scientific food, easy to feed, and the most economic on the market.

The term LUCERMO is a Hansen Livestock & Feeding Company trade name, derived from the two dominant ingredients of most of our feeds, Lucerne (Alfalfa) and Molasses.

As applied, the name LUCERMO is an assurance of a balanced feed. By balanced, we mean a product furnishing the several nutrients, protein, carbo-hydrates and fat, in necessary amounts to give proper nourishment.
